EN IMPORTANT! KEEP INSTRUCTIONS FOR FUTURE REFERENCE READ ALL INSTRUCTIONS

WARNING:
Failure to follow the manufacturer's instructions can result in death or serious injury. Only use for babies from 8lbs (3.6 kg) to 25 lbs (11.3 kg).
SUFFOCATION HAZARD – Babies younger than 4 months can suffocate in this product if face is pressed tightly against your body. Babies at greatest risk of suffocation include those born prematurely and those with respiratory problems. For pre-term, low birthweight babies and children with medical conditions, seek advice from a health professional before using this product.
• Check often to make sure baby's face is uncovered, clearly visible, and away from caregiver's body at all times. When using the Ergobaby wrap, constantly monitor your child and ensure the mouth and nose are unobstructed.
• Make sure baby does not curl into a position with the chin resting on or near baby's chest. This position can interfere with breathing, even when nothing is covering the nose or mouth.
• If you nurse your baby in the Ergobaby wrap, always reposition after feeding so baby's face is not pressed against your body.
• Never use this carrier with babies smaller than 8 pounds without seeking the advice of a healthcare professional.
FALL HAZARD – leaning, bending over, or tripping can cause baby to fall. Keep one hand on baby while moving.
• To prevent hazards from falling ensure that your child is securely positioned in the Ergobaby wrap.
• Ensure your child's chin is not resting on its chest as its breathing may be restricted which could lead to suffocation.
WARNING: Constantly monitor your child and ensure the mouth and nose are unobstructed.

IMPORTANT TIPS AND INFORMATION FOR THE USE OF ERGOBABY™ WRAP:
Read and follow all printed instructions and view instructional videos before using the Ergobaby wrap. Never leave child unattended in or with the Ergobaby wrap. Check for ripped seams, torn straps or fabric, and damaged hardware before each use. Regularly inspect the wrap for any signs of wear and damage. If found, stop using Ergobaby wrap. Always check to ensure that all knots, straps, and adjustments are secure. Ensure that the baby is safely positioned in Ergobaby wrap according to Ergobaby's instructions for use. Never leave a baby in Ergobaby wrap that is not being worn. Keep this wrap away from children when it is not in use. Check on the baby often. Ensure that the baby is periodically repositioned. Never place more than one baby in the Ergobaby Wrap. Never use/wear more than one Ergobaby wrap at a time. Never put more than 1 baby in Ergobaby wrap. Your movement and the child's movement may affect your balance.
Be aware of the increased risk of child falling out of the Ergobaby Wrap as he/she becomes more active. Take care when bending and leaning forwards or sideways. Never use Ergobaby wrap when balance or mobility is impaired because of exercise, drowsiness, or medical conditions. The wrap carrier should only be used when walking, sitting, or standing. The wrap is not suitable for use during sporting activities or while lying down. The sling is not suitable for use during sporting activities e.g. running, cycling, swimming and skiing. Never use Ergobaby wrap while engaging in activities such as cooking and cleaning which involve a heat source or exposure to chemicals. Be careful when drinking hot beverage to avoid spilling hot drinks onto the baby while using the Ergobaby wrap. Never wear Ergobaby wrap while driving or being a passenger in a motor vehicle. This baby wrap carrier is only intended for use by healthy adults. The wrap should not be used by a person with any problem that might interfere with the safe use of the product. This wrap should never be used if the wearer is impaired by alcohol or drug or if the wearer is tired or in pain, as balance and reflexes may be impaired. If the person using the wrap carrier should develop shoulder, back, or neck problems, discontinue its use and consult a qualified medical professional.
